## A Rich & Vibrant History

Part of Marquis Health Services since January 31, 2019, Cambridge Senior Living is located on Main St. in historic Moorestown, NJ, attached to Breidenhart Castle. The castle was built in 1894 as the private estate for Samuel Leeds Allen, the inventor of the Flexible Flyer Sled. It later sold to Eldridge Johnson, inventor of the Victrola Record Player with the famed RCA Nipper Dog. The property was later donated by Eldridge's widow and became a nursing home in 1947.

Now, Cambridge Senior Living serves residents 24-hour assistance with their daily living activities. As an Assisted Living community, Cambridge manages all aspects of daily life: from delicious and varied restaurant-style dining, enriching activities and trips, and in-room care assistance.

Our 43,000 sq. ft. building serves as a vast living space for residents to interact with new friends, as well as visits with loved ones. Resident apartments include studios and one-bedrooms—some with balconies. Cambridge also provides memory care assisted living, short-term rehabilitation, and long-term skilled nursing for a true continuum of care.

*Our Personalized Approach Starts With...*

## EXPERIENCE, EXPERTISE, & ENGAGEMENT!

We customize care so our residents can enjoy all life has to offer! Cambridge living means meeting wellness needs *and* providing a wealth of opportunities for personal growth through our Life Enrichment programs.

*The care provided for our mother enabled us to enjoy a worry-free vacation. The staff provided excellent, compassionate care. Along with her medications and meals, her care included social interaction, making her stay enjoyable. We so appreciated the daily text updates assuring us that Mother was in a safe environment during this uncertain time. We could not have found a better place!*

Expert  
Care

## Health & Safety

Nothing matters more to us than caring for our residents. To make sure all personal needs are met, we offer Marquis Enhanced Senior Living Care, a supervised wellness program that monitors the health, safety, and specific requirements of each resident.

Our community facilities are constructed and operated according to the highest safety standards. A call alert system provides assistance whenever needed, and our 24/7 on-site care and nursing staff stand ready to help. Advanced fire detection and suppression systems add to the security and peace of mind at our community.

For residents in need of sub-acute rehabilitation or long-term nursing care, we stand ready to make the transition a seamless one.

Specialty  
Programs

## Memory Care

Our memory care program is dedicated to meeting the needs of individuals living with Alzheimer's and other forms of dementia. Trained staff and increased hours of programming help keep residents active and stimulated throughout the day, while providing a safe and secure environment for them to thrive.

## Customized Services and Care

We seek to promote independence by honoring residents' individual interests and routines, while maximizing their capabilities. Working with you, our staff will help develop an individualized service plan that seeks to meet these goals, while routinely monitoring and adapting it to meet any changes in your loved one's condition.

## Behavioral, Recreational and Social Services

- Dining and eating

We encourage families to remain actively engaged in their loved one's care and offer ways to continue their support or choose to let us take these worries away through the services we offer.

Respite  
Service

## Respite Care

Being a caregiver is often stressful and taxing. Taking a much-deserved break from the day-to-day routine of caregiving is essential to the wellbeing of caregivers.

The Cambridge Respite Care Service provides caregivers with a temporary break from daily duties and responsibilities. Whether it's just a few days off, or time away for a family vacation or special event, the Cambridge Respite Care team is ready to provide your loved one with exemplary care.

Respite Care also provides a great opportunity for potential residents to try the Cambridge community before committing to moving in.

### Respite Care Services:

- 24-Hour Support
- Medication Administration
- Daily Activities Programming
- Restaurant-Style Dining
- Housekeeping Services
- Availability of Rehabilitation Services
- Physician Support

## Worry-Free Pricing

Our approach to “Worry-Free” Pricing is simple: No surprises, no jumps in level of care, just an all-encompassing rate, making budgeting for your loved one’s care easy!

Unlike many assisted living communities who will nickel and dime residents for every care need, Cambridge Enhanced Senior Living gives families the option of choosing our “worry-free” pricing model, which avoids all of those confusing point systems and surprise cost increases. Ask about this lease option and start your “worry-free” living today!
